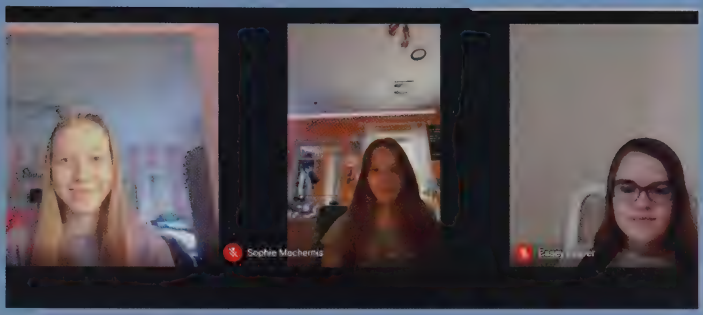
Yearbook

Tori Holland
Sophie Machemis
Casey Leaver



The COVID-19 Pandemic changed a lot of what an average school year looks like and this yearbook is also an example of that. As last years Yearbook staff had to scramble to finish the book virtually, they also had a half years start in person! We know this yearbook might not look like "normal" and does not reflect the events of this year, but simply said, for safety reasons, there were not a lot of those. Instead this book aims to reflect the years that the class of 2021 has spent at Rising Tide and the great memories they had.

The RTCPS Yearbook staff hopes you enjoy!

Hybrid Learning

2020 was a year that tested us. In March of 2020, schools across Massachusetts closed for what was thought to be two weeks. Students celebrated a break from school and an assumed vacation. As weeks went past and Governor Baker issued more mandates for the public's safety, it was determined the rest of the 2019-2020 school year would be remote. It shortly was coined as "distance learning" or "remote learning." As more became know about COVID-19 throughout the Spring and Summer, it was deemed safe for students to return to learning in-person, but not to full capacity. Schools scrambled to come up with models of learning that allowed students to be six feet apart but still participate in active learning and activities. Rising Tide adopted Hybrid Learning with two cohorts of students, half the grade in the building for two days while the other half logged onto GoogleMeet, as well as an option to be fully remote.

To the Class of 2021

Thank you, Class of 2021, for always being loud and fun in all the best ways. Your sense of humor has set you apart since 9th Grade. Don't ever change!

Back in sixth grade, you were always a group that marched to your own beat. You were quirky , fun, and curious. Most importantly, you were so accepting and positive. Please bring that with you as you go off into the world, we need more leaders who stand for tolerance and see the goodness in all people.

You guys have all come so far! Congratulations on reaching this milestone and best of luck with whatever comes next. When times get rough (and they will at some point), make sure you think of hippos! That always works for me. Thinking of all the skills you have learned over the last several years might also help =)

Thank you class of 2021 for being a great spirited bunch of young people! I loved having your competitive and enthusiastic group in P.E. through middle school. Love the memory of the one and only varsity softball game played at 2 different fields in one day due to the crazy storm. Heron's Softball!! Best wishes in the future class of 2021! May all your dreams come true!

When you guys were in 8th grade, I was inspired with how extremely thoughtful and compassionate you were; you always looked out for each other. I hope you continue to do so as you move on with your lives. All the best as you pursue your passions!

From your teachers

To my theatre seniors, thank you for making these last 4 years amazing. From a boxing ring to a radio show, y'all were incredible! Keep shining <3

I want to thank all the students of the Class of 2021 who were around for 5th grade (back in the day) for welcoming me to Rising Tide with open arms. Being your long-term sub for 5th grade Social Studies was a gift I still treasure to this day! I am so proud to see how all of you have grown into literal adults right before my eyes (which is weird because I haven't aged a day!) Congratulations for all your accomplishments, you will do amazing things! So so proud of you all.

You guys are such a special class! Not just because you spent almost the entirety of the last half of your high school career in a global pandemic, but for so many other reasons as well. You are curious, bright, and so interesting to shoot the breeze with. I'm going to miss having you all in my classes, seeing you in the halls (or on a screen), and chatting with you about about Dungeons and Dragons and the fantasy books you are reading (and writing!). Good luck after high school and keep in touch!

To the Cross Country seniors, thank you for your leadership and positive attitudes this year to make for a wonderful season. You will be missed next year, keep running! - Coach Walsh

Congratulations Class of 2021! Wishing you all happiness and success as you begin a new chapter in life. Best of luck!

You are a fantastic group and I know you'll do amazing things! Congratulations!

Lauren Ginnetty

Lauren Ann,

Our cute, determined, little girl has grown into a beautiful, confident young lady. Even though you've given us a few gray hairs over the years, we wouldn't change a thing because we LOVE you just the way you are. Whatever you decide to do for your future make sure you have lots of fun along the way.

We Love You So Much!
Mom, Dad, Krista and Kevin

ALWAYS REMEMBER
You are BRAVER than you believe
STRONGER than you seem
SMARTER than you think &
LOVED more than you know!

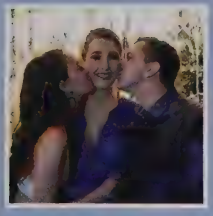
Andrew DaPonte

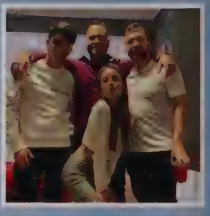
We are so proud of everything you have accomplished. You are a talented person with so much to offer the world. Most importantly though you are a thoughtful and kind person, do not let anyone tell you different. Believe in yourself and all the blessings that God has given you. Take pride in how far you have come and have faith in how far you can go.

Love, Mom and Dad

Brenda DaSilva

Your dad, mom, brother, and family are extremely proud of you. You are always dedicated to everything you do. You are hardworking, determined, and exuberant. These last twelve years have not been easy, but you made great friends along the way, withstood tough obstacles, and made difficult decisions that will influence your future. Our whole family have been role models to you, but now it is your chance to show the world what you are made of. Brenda, always remember, you are braver than you believe, stronger than you seem, smarter than you think, and loved more than you know. May God bless you on this journey. We love you! Congratulations!





Tiernan Godzik

Tiernan you made it! Well done, the long slog is over. This is the first of many significant milestones you have before you, the first of many tests test that life will throw your way. As it was for most of us, high school can be tough, and completing your senior year from your bedroom, tougher still. COVID has put many curves in a traditionally straight path. We are so proud of you and all you have accomplished. Now can you get a haircut???

What are two middle child parents going to share with you that you have not already experienced?? People often think the middle child gets the short end of the stick; I can't say that that is the case with you. We smile often when we think about some of your many "middle child" antics – picking up the soccer ball and sitting on it mid game, probably because you did not want to share it. Or more likely you just figured if you sat on it, you would not have to chase it any longer. You do have a gift when it comes to making people see things from your perspective. Some might call that a leadership quality.

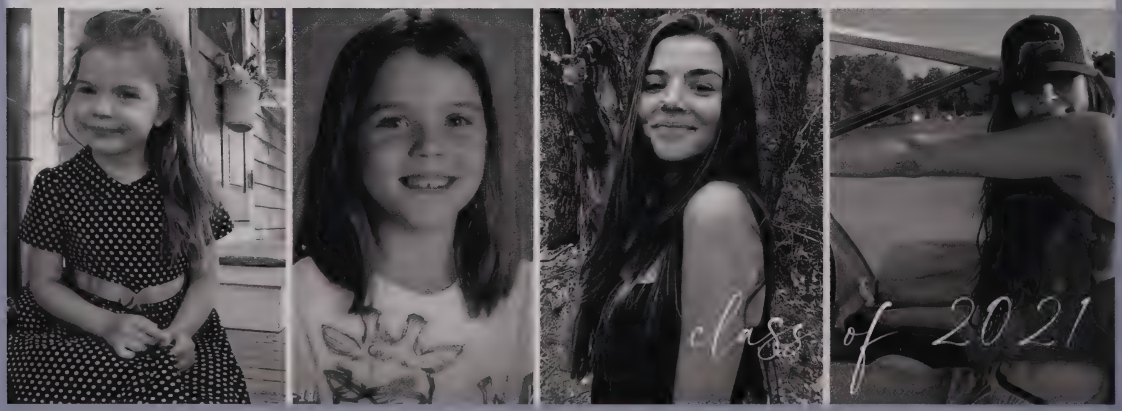
I will encourage you to remain true to yourself, but balance and open mind and continue to be considerate of others. At this point in your life, you don't need to follow the herd, and you have shown great capacity not to do that. Life is about exploring, following your compass, with moderation, and making the right choices.

I know you have heard this a zillion times already, but because I paid for this page, I'm going to use it all, get comfortable. Choices! We make them all day long, some right some wrong, some more significant than others but they need to be made. The idea is to make more right than wrong – you won't look good in orange. Did you really know you wanted to play third base? Who would have thought you would learn to love skiing; I mean its freezing cold and the ground is hard when you fall. You have leaned into both of these things and have gotten quite good. You made errors and have fallen down, but with each instance you got back up and committed to getting better. Perseverance can't be purchased, its inherent. Don't get rattled you will work through it. When you apply yourself.... (can I buy another page?)

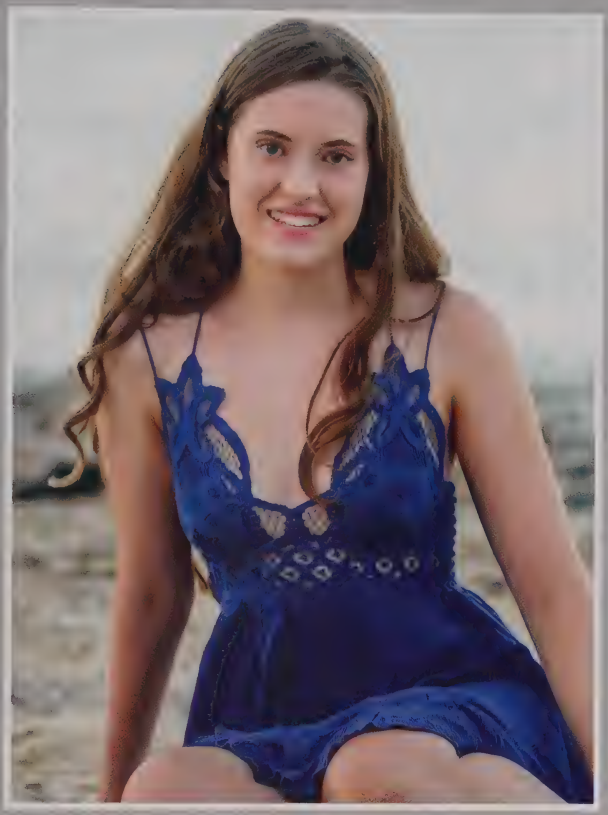
You have made it this far, and not without struggle but the incline and the pace will only get tougher. Making the right choice more often will allow you to stay on track and exceed your goals. Think it through, beyond the next ten minutes. How might this action influence me, or others, for the next ten weeks, months or years? The choices will get harder and more significant. There are lots of options, I just ask that you think them through and make the right choice. We will always love you. We are here for you night and day. We want to see you fly, figuratively and literally if that is your chosen path.

Elle, we are blessed to have watched you grow from a sweet little girl into a beautiful, independent young woman. Our wish for you is to always follow your heart. Live your truth. Do what makes you happy. Believe in yourself, you can accomplish whatever you desire! Stay fully present in your journey with confidence, passion, an open mind and your loving-kind heart. You fill our lives with so much joy and love and we could not be more proud of you. We're excited to walk with you through your new chapter of life. Congratulations sweet girl, you did it!

With all our love, Mom, Dad, Mikey and Myah

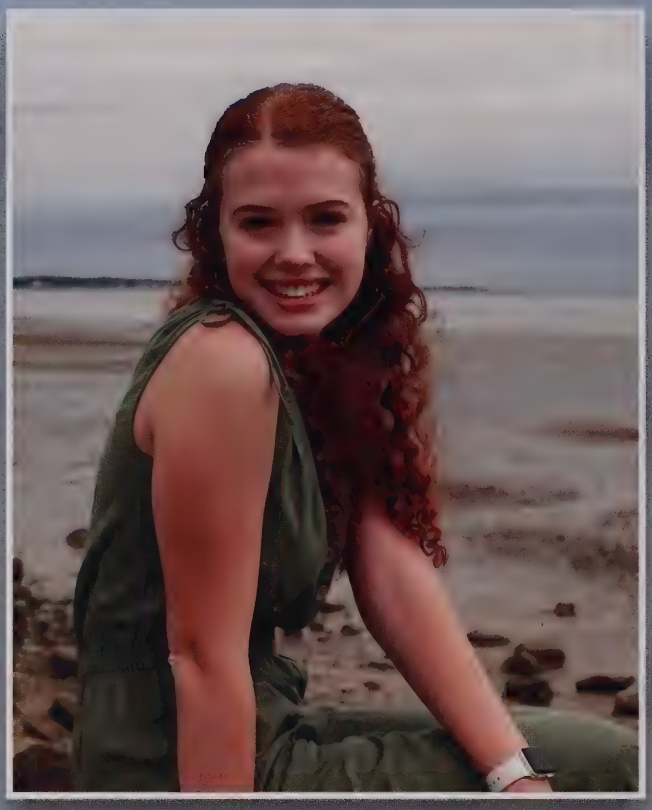


Sophia Lennon



Dearest Sophia: Everyday, we are more and more inspired by the gentle, kind, compassionate and well-rounded person that you are and your creativity and imagination have been a wonderful source of happiness and pride for us. We are profoundly grateful for the privilege of helping nurture your inherent goodness and your presence on this earth has immeasurably enhanced our lives. Moreover, your beautiful, gentle spirit will nourish many other souls throughout your lifetime. Some children grow up searching to discover their path. Others arrive on earth with their path fixed and strong. From your earliest years, you have consistently embodied a loving and respectful nature that has and will continue to reward you with a lifetime of happiness and deep friendships. Most parents are concerned with teaching their children the values that will help make them good citizens. Instead, you have taught us the true meaning of character, empathy and inclusion by way of your example. We encourage you to continue to pursue happiness and significance in your life over success. The gifts you possess and share freely with others will make the world a better place for every being you encounter and we look forward to the many ways in which you will contribute to humanity. Sophia, you have always been and will always be the most important blessing in our lives. Mama and Daddy love and treasure you with all of our hearts and souls and always will. We love you unconditionally and will always support you and your dreams. We wish you inner happiness and peace throughout your life as you transform your dreams into reality. May God bless you and keep you safe. Love, Mama and Daddy

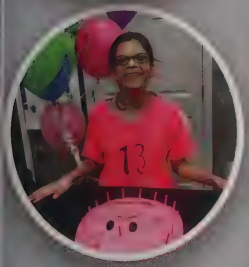
Caileen Jankowski



Caileen, I remember dropping you off on your first day of preschool like it was yesterday. I turn around and you are now graduating from high school. You have grown from an energetic, little girl into an amazing, strong spirited young woman who wants to change the world. Your compassion and big heart is leading you into a career that will help so many find their own potential. Listen to those gifts and you will succeed in changing many lives for the better. Your inner beauty shines brighter than your outer beauty and I am proud to call you my daughter! Now is the time to use your wings to fly, but remember that home is wherever you, your sisters and I are. Keep your fighting spirit alive and always let kindness be a part of your decisions. Follow your dreams, whatever they may be because without dreams, life is nothing. We love you so much!!!!!

Love, Mumma, Clare and Rebecca

Skylar Heine



Skylar Kathryn - the girl who has always moved to the beat of her own drum and we are all better for it. She never hesitates to show kindness and support, is always accepting of others, and offers encouragement anytime a friend or family member needs it. The world needs more Skylars.

Sweet girl, we are so very proud of you. The Sky is the limit, now go use the whole box of crayons to color it as you wish.

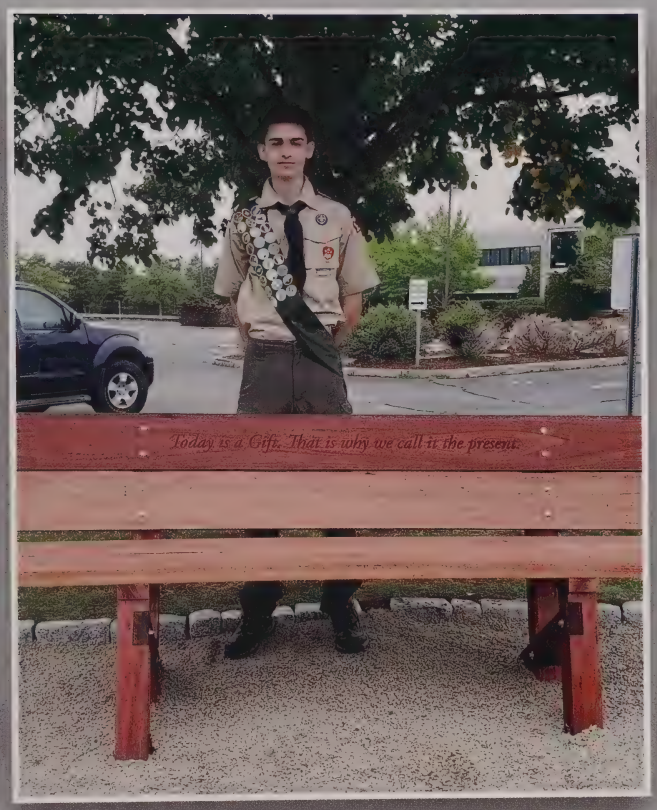
With all of our love - Mom, Dad, Jaxon & Lula

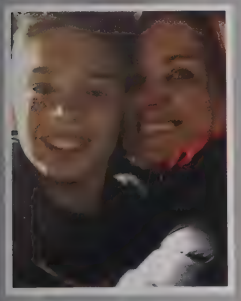
Jillian MacMullen

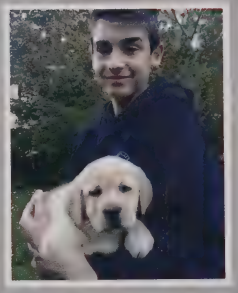
The little lady that danced into our lives 18 years ago, has become a confident, talented, beautiful person. You have brought joy, laughter, and the perfect photo pose to all of our yearly traditions. We have enjoyed creating wonderful memories on family vacations and through the countless hours of dance recitals and competitions. Your adventure is about to begin and we know you will take center stage and shine bright. We are so proud of you and will always be your biggest cheering section.

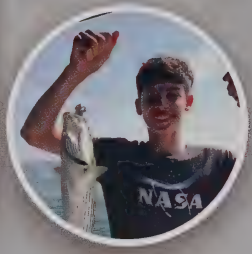
Love Always, Mom, Dad, and Miranda

Teddy Zisserson









Teddy,

We are so proud as you pursue your goals and dreams, and we'll always be here with our love and support. Wherever you go, go with all your heart.

Abigail Smith

My dearest Abigail, I wish you could see yourself through my eyes, but know that you would say, "You're my Mom of course you would think that." So I asked family, friends, coworkers, former teachers and parents of friends, "How would you describe Abby?" Here is what they said, "Abby is a sweet smiling girl with big gorgeous eyes. She is creative, funny, kind, soft-spoken, nurturing, and smart. She is beautiful on the inside and out with a calm personality. She is shy, polite, motivated, headstrong, compassionate, hardworking, dedicated, resilient and a determined young lady. Abby is thoughtful and reserved at times but speaks her mind when she needs to. She is considerate, bright, keeps her priorities straight, and has a good head on her shoulders. She doesn't ask for much but has accomplished a lot and will accomplish many more wonderful things in her future. She is a beautiful young lady with a bright future ahead of her."So my wish for you Abby is to see yourself not only through my eyes but those around you and know you are nothing short of AMAZING! I am so proud of you! Love, Mom

Marissa Cennami

Since you were a little girl you were so determined and caring with such a beautiful big heart.
Whether it was dogs, cats, horses or any animal, you always felt the need to love and save them.
Who would have thought that when Santa brought you those horse lessons 13 years ago that it would one day lead to you meeting and buying your best friend.
How funny that those moments in time would be the catalyst that forever would change our lives and our family path in such a meaningful way.
I can barely remember a time when horses were not in your world.
Horses made you grin from ear to ear even when you wanted to cry.
They gave you confidence and gave you strength at times when you couldn't find any in yourself.
They gave you an inner glow that we always saw but you never could.
This past year especially has been difficult and life altering…….especially when you are an 18 year old girl ready to spread her wings.
We are so proud of your strength, courage, your commitment to helping others and how you have grown into the amazing young lady that you are.
We look forward to the future and are excited to see where your path and our family path continues to lead us.
We just wanted you to know that we couldn't be prouder to call you our daughter.

All the dreams I prayed you'd be are all the things you are……~ You were once my little girl and now my shining star.

Love you forever MMC,

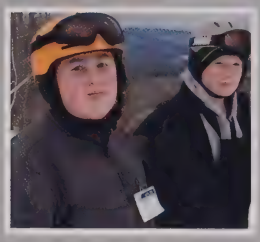
Benjamin Sanford



Ben,

It seems like just yesterday that we would drive our little Ben to the T-Station with you and your brother in the back seat eager to watch the "Purple Train" arrive. You melted our hearts with how happy and excited this would make you feel. As your love of trains expanded to include Thomas the Train, our adventures expanded to seeing him at Edaville RailRoad. Soon there were not one but two train tables in your playroom and countless trains along with tracks to build and rebuild. Your love of building continued into Lego sets. As the years progressed the Lego sets became more complex. There are so many memories of your growing up years that will be treasured forever. Your pet birds, scouting, camping, Canobie Lake and Lake George are just a few of our many adventures together. In your high school years you further amazed us with your ability to build your own computers.
You have grown from our little Ben into big Ben.

Congratulations on your graduation! We are so proud of you and all that you have accomplished. You are an awesome young man, both gifted and kind. You are a blessing to our family and all of your friends. Now that you have grown into such an incredible young man it is time for you to make the difference that we know you will make in this world. Always remember to follow your dreams. Take pride in how far you have come, faith in how far you will go, and remember to enjoy the journey. Look boldly into your future and be confident as you walk your life's path. Whatever path you choose, we wish you happiness and success. We will always be here for you.

Michael, we have spent the past 18 years watching you grow into the intelligent, compassionate, and witty young man standing before us today. While we are beyond proud of all of your academic achievements and accomplishments, what makes us beam with pride is how true to yourself you are!
As you embark on your next chapter, always remember.

Madison Nordberg

Dear Madison,

To us you will always be our Baby Girl. We've watched our giggly, blue-eyed princess evolve into a remarkable young woman. You've overcome unprecedented challenges in stride and with grace, regardless of a few tears. You are stoic but beneath that exterior is a passionate, determined, gentle and loving person. You are a daughter any parent would dream of having, and you are the truest, most nurturing friend anyone could hope to have.

Your success appears to come easy to you, but we know how hard you've worked to earn every accomplishment and achievement with such admirable determination and work ethic. We have no doubt you will continue to do great things.

So go on Pumpkin, chase your dreams no matter where they may take you. We are so proud of you and will always be here to support you in every way. Go be the fierce queen you are. We all love you so much!!

Love,
Mommy, Dad, Ethan, and Aidan

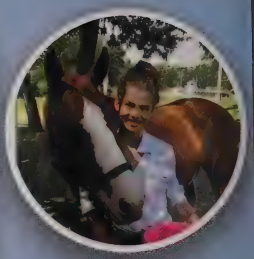
Jaedyn Louise Rice

Jaedyn,

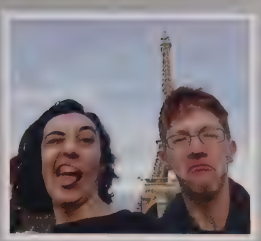
On Valentine's Day your mother and I learned we would be blessed with a child. I would be a father! It was my birthday when I learned that child would be a girl, when I wanted so badly to have a son like most men wish for. You were beautiful like your mother and it was then that I realized that I was given the gift of a princess and that the wisdom to understand that what I really wanted unknowingly was a baby girl. You have grown to be a beautiful, intelligent, headstrong, young lady. We are all so proud of you!

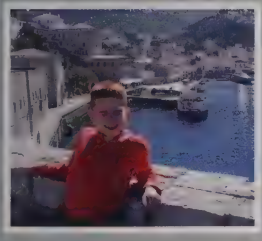
Congratulations! Love Mom and Dad, Alexa, Judson Jr., Ava and Nolan

Abbey Grey



This doesn't seem possible...the baby of the Grey Family graduating? Our funny, strong, kind, smart, beautiful Abigail - we are so proud of the person you have grown to be!! Buzzing like a bee, collecting crocs, hurling that yellow ball -- you have made us laugh and smile since day one! This world is a better place because you are in it and we love you Abba do Blue Kangaroo!





Ashton Lewis

Ashton, from the day you were born, you have done things your own way. You waited three years to begin speaking, and you haven't stopped since. You created your own names for things, such as bunnycows for deer or falingos for flamingos. You taught yourself to read, and spent countless hours in a kiddie pop-up tent reading any and every book you could get your little pudgy hands on. Your sister became your best friend and playmate, from "tree time" at home to Tarzan swings in Costa Rica. For someone so firm and confident in his beliefs, you have surprised us with trying a variety of foods and skills, some of which stayed with you, and others that have fallen by the wayside. Over the past 18 years, all of these trials and experiences have become a part of you, and you have become an amazing young man. We are so excited to support you and watch you grow and develop, and wish the best of luck in your next endeavors, beginning with Dartmouth. Just remember, if you ever decide to try a zipline somewhere around the world, call us. We'll be right there with you! We love you, and couldn't be more proud of you.
